About us

Rohan Energy Solution Pvt. Ltd. is a trusted name in renewable energy, specializing in high-quality, efficient, and sustainable solar, wind & Hybrid power solutions. Founded with a mission to revolutionize the way energy is consumed, we aim to make clean energy accessible to everyone—from homes to industries. We believe in creating a cleaner, greener future by harnessing the power of the nature. Our commitment to excellence, innovation, and customer satisfaction has positioned us as a leading renewable energy solutions provider across India.

FOOTPRINTS**

**SUSTAINABLE
FUTURE**

**Approximate Carbon Foot Print Reduction
with the use of Renewable Energy**

Single Household : 5 - 8.5 metric tons

Utility-Scale Wind or Solar Farm : 150,000 - 250,000 metric tons

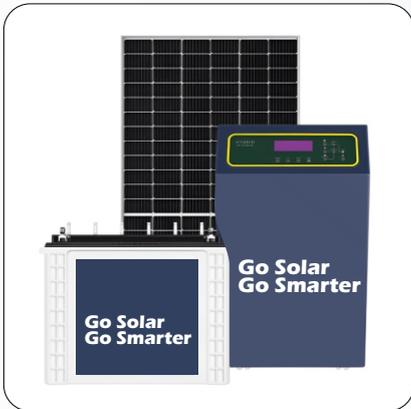

ROHAN ENERGY
SOLUTIONS PVT. LTD.
CREATING HEALTHIER TOMORROW

OUR PRODUCTS

We offer a wide range of Renewable Energy products customized to meet your energy needs:

SOLAR PRODUCTS

On & Off
Grid Solar
Inverters

Solar Water
Geysers

Standalone &
Solar Street
Led Lights

Ground Mounted &
Roof Tops
Solar System

Solar Water
Pumps

Solar Fence

ROHAN ENERGY
SOLUTIONS PVT. LTD.
CREATING HEALTHIER TOMORROW

OUR PRODUCTS

We offer a wide range of Renewable Energy products customized to meet your energy needs:

Street Lights

LED Street
Lights

Solar LED
Street Lights

Wind + Solar
Street Led Lights

ROHAN ENERGY
SOLUTIONS PVT. LTD.
CREATING HEALTHIER TOMORROW

OUR PRODUCTS

We offer a wide range of Renewable Energy products customized to meet your energy needs:

WIND & SOLAR ENERGY PRODUCTS

Wind Turbines

Helical Wind
Turbines

Energy Storage
System

Customized
Renewable Energy
EPC Projects

Renewable Energy Epc Solutions

At Rohan Energy Solutions Pvt. Ltd., we deliver complete Renewable EPC (Engineering, Procurement & Construction) solutions designed to empower industries, institutions, and communities with sustainable energy independence. With advanced R&D support, global expertise, and a strong technical foundation, Rohan Energy Solutions ensures seamless project execution — from concept to commissioning — with precision, reliability, and performance at its core.

Our Vision

"To make renewable energy the new normal by delivering high-performance, affordable, and sustainable solar power solutions for every segment of society."

ROHAN ENERGY
SOLUTIONS PVT. LTD.
CREATING HEALTHIER TOMORROW

OUR Expertise

On-Grid Solar Power Plants

Tailored for industrial, commercial, and institutional clients from 10 kWp to multi-megawatt (MW) scale.

1. High-efficiency Mono PERC Solar Modules.
2. String / Central Inverters with up to 25 years warranty.
3. Net Metering facility for energy credit and cost savings.
4. Quick ROI through optimized design and system performance.

Off-Grid & Hybrid Solar Systems

Ensuring uninterrupted power even in remote or low-grid areas.

1. Advanced MPPT inverters with deep-cycle solar batteries
2. Hybrid integration reduces diesel dependency & operating cost
3. Smart design for consistent energy generation and reliability

Ground-Mounted Solar Projects

Customized EPC solutions for large-scale solar farms and industrial setups with optimized tilt and orientation for maximum yield and stability.

Wind & Hybrid (Wind + Solar) Energy Solution

Energy-efficient systems for domestic, commercial, and industrial use – ideal for dairies, hostels, hospitals, and process industries.

OUR EPC Projects

Completed project 0.5MW

Projects In Progress :
Adani Green Energy EPC Project of 250 MW+
